

POWER

OPENING DOORS FOR WOMEN®

Delegate Sponsorship Opportunity

POWER Chicago 2017

8 June

“One thing that I learned from **POWER** last year, and I hold it dear to my heart and I have actually used it at Lear, was: Be the type of company that your daughter would want to work for.”

Matthew J. Simoncini

President & Chief Executive Officer, Lear Corporation

POWER Opening Doors for Women® is a boutique program that offers a unique educational opportunity for your top and rising talent to engage, network and share best practices with other leaders in various industries. We provide an intimate environment with a stellar caliber of presenters and attendees who are considered high potentials in their organizations.

Sending a delegation from your organization is a great way to experience one of our programs first-hand and help inform your decision about further partnering with us.

We have convened thought leaders from the civic and business communities for the past twelve years. Our dedication to our partners has led us to expand our platform on three continents—Europe, Asia and North America.

Our philosophy is that building a strong partnership is a process. It's a marathon, not a sprint!
